

## What Strength of Reading Glasses Do I Need?

BoomerEyeWare cares about your vision. If you have a problem or concern with your vision, you should contact an eye care professional. Visit these links for further information:

[www.checkyearly.com](http://www.checkyearly.com) or [www.allaboutvision.com](http://www.allaboutvision.com)

**The eye chart on this page should be used for reference only and not as a replacement for professional consultation.**

Please print out this page using the print function from your computer. This eye chart will not function properly if just read on your computer screen. Hold the printed eye test at your normal reading distance and WITHOUT your glasses, read each line from top to bottom. The first line where you can no longer clearly read the text will have a suggested strength that should work for you.
